## About Us

Offering a wide range of commercial use ultraviolet (UV-C) sterilisers that can easily sanitise toys, books, electronics, toothbrushes, sports and musical instruments, key cards, remote controllers, cups, chopping boards & knives, kitchen tools, overgarments, rubber boots and shoes, beauty salon tools, etc.

We are dedicated in bringing high-quality, value-added products to the region to improve hygiene, safety and convenience in daily lives

## Our Products

### Beauty Salon Tools Steriliser

Suitable for use in beauty and spa salons, hair salons, manicure and pedicure parlors, country clubs, etc.

All types of beauty salon tools ie. manicure, pedicure tools, combs, scissors, dermatological tools, makeup tools etc. can be placed inside the steriliser and easily sanitised through **ultraviolet sterilisation**

Stand-alone or Wall-mountable

#### MAIN FEATURES

Ultraviolet sterilisation and air-drying function

High-grade stainless steel interior

Prevention of all types of infectious diseases

Convenient and easy to use

Stylish design available in 2 colours

Automatic safety control device

# Our Products

## Toy Sterilisers

Unsanitised daily high-touch items ie. electronic tablets, key cards, remote controllers, hand towels can cause skin diseases such as atopy, as well as other infectious diseases

## Multi-purpose Sterilisers

Suitable for use in **kitchens, food preparation sites**, etc.

Chopping boards, knives and kitchen tools that are not properly sanitised can cause potential **food contamination** and **lead to food poisoning** and other bacteria infections like **E. Coli** and **Salmonella**

Different compartment sections in the steriliser for easy segregation

All types of kitchen tools and overgarments can be easily sanitised through **ultraviolet sterilisation** and **hot-air drying function**

### MAIN FEATURES

-  Ultraviolet sterilisation and drying function
-  High-grade stainless steel
-  Prevention of all types of infectious diseases
-  Convenient and easy to use
-  Fine and simple storage
-  Automatic safety control device
-  Temperature setting

# Effectiveness of our Sterilisation Equipment

**Medical-grade** sterilisation that **effectively eliminate 99.99%** of germs and bacteria after just 1 cycle of sterilisation (**only 10 mins**) with 1 simple touch of a button

- Made in Korea – Premium quality guaranteed
- Sterilisation effectiveness certified by Singapore TUV SUD PSB

PSB Singapore

## Escherichia Coli

Causes food poisoning, gastroenteritis and meningitis

Before  
Sterilisation

After  
Sterilisation

## Salmonella Typhimurium

Causes egg-associated Salmonellosis (fever, abdominal cramps, diarrhoea)

Before  
Sterilisation

After  
Sterilisation

**Note:** Microbiology testing has been carried out by Singapore TUV SUD PSB – Microbiology Chemical & Materials  
**Test Report No.:** 7191223915-CHM19-01-RC
